SKIRTING BOARD

DUNE
CLICK&FLOOR

SPC skirting boards (stone and synthetic polymer composite skirting) are a modern, durable solution for finishing walls, designed to cover expansion joints and protect walls while enhancing interior aesthetics. They provide a clean, seamless transition between floor and wall.

Advantages:

- 100% waterproof, ideal for kitchens, bathrooms and areas prone to moisture.
- Protects walls from scratches, impacts and daily wear.
- Rigid, stable core with excellent durability and a long service life.
- Easy installation with adhesive or clip systems.
- Low-maintenance, easy-to-clean surface.
- Conceals expansion joints for a clean, professional finish.
- Available in a range of colours and finishes to match floor and wall styles.
